

We're your single source for state-of-the-art processing equipment, highly-competitive processing rates and unrivaled 24-hour service that'll help you serve your customers better and keep your business a step ahead.

Now you will be able to:

- Get set-up quickly to accept credit cards.
- Authorize and capture VISA, MasterCard, Discover, American Express and Diners Club/Carte Blanche transactions with a single swipe of the customer's credit card.
- Have electronic access to check guarantee authorizations, preventing lost revenues and returned checks.
- Access your funds within 48 hours of processing.
- Access account information online anytime.
- Easily reconcile your books on a daily basis with our complete online detailed reporting.

We already provide credit card processing services for some of the nation's most successful companies. Let us help you, too. Whether electronic transactions are already a part of your business and you're simply looking for better service, or you need to establish credit card acceptance, and require a complete solution. All you have to do is make one call. We'll take care of the rest.

“We already provide credit card processing services for some of the nation's most successful companies. Let us help you...”

Comprehensive Customer Service.

An unparalleled level of customer service, a network of professionally trained and certified representatives, and a dedicated account manager assigned to your account, this is what you can expect from us. Add technical experts available 24/7 to keep your business running smoothly, and our visionary business development consultants, and you have a partner that can support your businesses growth into the future.

A Dependable, Responsive Processing Partner.

It's your money. You need accurate and timely reporting. You need the experience of a company that has processed billions of dollars for tens of thousands of merchants. You need a dependable service oriented processor with an eye on technology.

State-of-the-Art Technology at a Remarkable Savings.

We offer a wide variety of cutting edge hardware, software and internet applications to satisfy all your payment processing requirements. And we are constantly adopting the latest technology to make our services even more powerful and cost effective for you. From our robust network operations to our secure online account information center, we're always investing in the technology of our business and the subsequent success of yours.
